INVENTORSHIP UNDER 37 C.F.R. §1.48(a)**

COMMISSIONER FOR PATENTS

TECH CENTER 1600/2900

SIR:

This Petition to Correct Inventorship Under 37 C.F.R. §1.48(a) respectfully requests that the inventorship of the above-identified application be corrected from:

Thomas P. Kasten, Mark G. Currie, and William M. Moore as joint inventors
to:

Thomas P. Kasten, Mark G. Currie, William M. Moore, and Kay O. Broschat
as joint inventors.

After the filing of this non-provisional application, an error in inventorship was discovered. The inventor upon conducting a search for GFAT patents discovered that she should have been included due to her specific contributions on several of the resin capture assays described in this patent application. The omission of Kay O. Broschat as an inventor was done in error, and without deceptive intent on the part of the person who through error was not named as an inventor. .

Correction of the inventorship by adding Kay O. Broschat as a joint inventor as set forth above is therefore respectfully requested under 37 C.F.R. §1.48(a). The Commissioner is hereby authorized to charge any fee required under 37 C.F.R. §1.17(i) for consideration of this petition with respect to the correction of inventorship under 37 C.F.R. §1.48(a), together with any fees under 37 C.F.R. §1.17 that may be required during the entire pendency of the

application, to Deposit Account No. 19-1025.

Applicant respectfully requests a correction in the spelling of first-named applicant on Notice of Publication of Application. Applicant's name, Thomas P. Kasten, was spelled correctly on the Recordation and Assignment documents as submitted by applicant.

Respectfully submitted,
